

TECHNICAL SHEET

LID PVC CH0500-1000

Content	- cc
Length	140 mm
Width	115 mm
Depth	23 mm
Nett weight	4,43 gr
Thickness	250 µm
Temp	-40 / 80 °C
Material	PETG/PS/PETG

Packaging	Quantity ctn	Dimensions Ctn			Tare Ctn (kg)	Net Ctn (kg)	Gross Ctn (kg)	Ctn/Layer	Layer/Pal	Ctn/Pal	Quantity palet	Height Pal (m)	Gross Pal (kg)
		L(mm)	W(mm)	H(mm)									
1000	1.000	590	386	230	0,65	4,43	5,08	4	8	32	32.000	1,99	182,66

Made of materials that complies with :

- * Regulation **2004/1935/EC** and correction **2007/19** (rules governing monomers and other basic materials that may be used in the production of raw materials for plastics intended to come into **contact with food**) and **2006/2023/EC**
- * These raw materials are also conform to EU directive **EEC 94/62** dealing with heavy metals.

Traceability

- * Each box is provided with a label indicating date of production and batch n° for traceability.

Proper conditions of transport and storage

- * Long-term storage at 12-24°C and short-term transport at 10-35°C, in an atmosphere as dry as possible
- * Avoid moisture (wetness, condensation, ...) and store in closed room as dry as possible.

Tolerances

- * Length/width : +/- 1,5 mm
- * Height : +/- 5%
- * Thickness/weight : +/- 10%

ATTENTION : REMOVE LID FROM CONTAINER BEFORE HEATING CONTAINER IN OVEN, MICROWAVE, ...
